

2017 marks the 1000th anniversary of the original foundation of the Abbey at Buckfast. Our symbol this year draws on elements of the Buckfast crest (the shepherds crook as a cross) and the ammonite shell, symbolising the Jurassic Coast and also reminding us the shell is the symbol of the pilgrim. It also contains the Greek 'logos', referring to Christ the Word of God, who is our guide.

“He who hears these words of mine and acts in accordance with them is like the wise man who built his house on the rock; the floods came, the winds blew and beat upon that house but it did not collapse for it was founded on rock.”

Matthew 7:24-25, quoted in Preface to the Rule of St Benedict

Who are these people?

A group of Christians making a walking pilgrimage.

What is a pilgrimage?

A physical journey, usually made to some holy place with the intention of making progress on a spiritual journey. The purpose might be to give praise to God, to do penance, to petition God for some favour, or to ask the intercession of a Saint.

Whose bright idea is this, anyway?

The general answer is that no one knows. Certainly the Israelites took the Ark of the Covenant on pilgrimage to Jerusalem. These pilgrimages were likened to the long trek from slavery in Egypt to Sion, the Promised Land. They can be seen as an anticipation of Christ's journey to Jerusalem for our salvation and so Christ leading us on our earthly pilgrimage towards the heavenly kingdom.

What we've discovered, year after year, is the amazing personal and community value of going on a pilgrimage, as our medieval forebears did, where the journey, walking, laughing, sharing, praying, singing, etc. is as important as the destination.

And this pilgrimage?

It is part of our life journey. Geoffrey Chaucer in his Canterbury Tales sums up the proper attitude for making a pilgrimage:

***"Christes lore and his Apostles twelve
he taught, but first he followed it himselfe."***

So by our example of Christian living we are trying to show what the teaching of Christ and his Christian Church actually means today.

The Roman Catholic Diocese of Arundel and Brighton annually organises an Ecumenical Walking Pilgrimage where up to a hundred pilgrims rediscover the rewards of undertaking the old way of journeying to a holy shrine.

This year is our 44th year of pilgrimage and we are making our way from Salisbury Cathedral to Buckfast Abbey, which is celebrating 1000 years since its original foundation as a Benedictine monastery in 1018. We will start our Pilgrimage at Salisbury Cathedral, then head South West to Dorchester, then follow the coast, crossing the rivers Exe and Teign. At Barton, on the outskirts of Toquay, we head inland to Asburton on the edge of Dartmoor, and then to our destination of Buckfast Abbey.
