

ALTERNATIVE TRANSPORT  
august 2013  
ST ALBANS to WALSINGHAM

**General Notes:** It is recognised that some pilgrims may become tired or blistered after walking long distances and may prefer the “luxury” of being transported over part of the route. It is for this reason that the following information is provided to help you. Please note that not all days have viable means of alternative public transport available. Usually bus information is to/from town centre or bus-station which may not be the most accessible from the overnight hall. Out of town, conventional bus-stops don't always exist and you may need to “Hail & Ride” at places - check with locals. This information is provided as a guide, not necessarily the best or cheapest choice of transport!

It is MOST important, if you plan to deviate or drop out from the guided pilgrim route, that you advise Monica McLauchlin (in the drinks car and elsewhere) so that we don't worry that you have got lost! Use mobile telephone in case of emergency.

**Aug 10, Day 1: Work out your own route to St Albans.** From London and the South-East there are frequent trains (First Capital Connect) through St Pancras: 4 trains an hour taking 20 minutes to St Albans (City) station: originating from Brighton, via London Bridge and Blackfriars; There are 4 further trains from Sutton (ie total of 8 an hour!) but these stop at a number of stations in North London and are overtaken by the following “Brighton” train. Price for a standard single ticket is £11.00 from the London stations, £26.10 from Brighton (takes about 90 minutes) or £16.30 from Redhill (change at East Croydon). There are no cheaper “Advance” fares available but a group of four travelling together can travel for the total price of two, e.g. £5.50 each for four people from St Pancras (railcards make no difference).

The Hall is approximately 600m from the station: if that is too far to walk, there is a bus (route S1) from outside the station, towards St Peter's Street, get off after 2 stops at “Cell Barnes, opp Dellfield”.

From the north of the country, St Albans connects to Luton and Bedford on the East Midlands line from Derby, Nottingham, Sheffield etc.

**Aug 24, Day 15: Walsingham** (Celebration Day)

**Aug 25, Day 16 (Sunday):** As usual, you find your own way home!

The recommended route is to make use of the coach offered to take you and your luggage from Walsingham to Kings Lynn. There is a regular rail connection (28 minutes past the hour) to London (Kings Cross) – takes 1h 40m. There is a rail or bus route from KL for connection to Peterborough for the East Coast main line to Yorkshire and Scotland and for the CrossCountry line to Leicester, Birmingham etc..

Standard single fares from KL to KX £22.90, to Redhill £36.90, and to Brighton £33.00 are the ones that come from the National Rail web-site – another example of curious ticket pricing on the railways! No advance-booking rates for these routes but again group discounts are available which, since I imagine quite a few will be travelling together, seems worth following up for the route to KX.
